

House Bill 5 (HB 5) of the 83rd Texas Legislature Regular Session added Section 39.0545 to the Texas Education Code (TEC). TEC § 39.0545 requires that each school district evaluate and assign ratings of Exemplary, Recognized, Acceptable, or Unacceptable for the District and for each campus on both overall performance and nine performance categories. Community and Student Engagement Evaluations were conducted of Angleton ISD and its eight schools during the spring 2016 semester. The results were an opportunity to showcase areas of excellence and success, as well as recognize areas in need of improvement. The evaluation results will assist the District with setting future goals for Angleton ISD and its schools that are valued in the community.

A local district committee met to create the campus rubric and self-evaluation tool for the nine performance categories. Below is a summary of the Community and Student Engagement Evaluation results:
